R.W BOND CONSTRUCTIONS

LICENSED TO BUILD SINCE 1985

RW Bond Constructions, is a Sydney building company, run by Richard and Kathy Bond, who have been improving people's homes and lifestyles since 1985.

The Bond reputation is built on integrity, attention to detail and quality over many years and we care strongly about our professional ethics.

We specialise in bringing open plan living to older style homes that were built with more walls and smaller rooms.

Opening the kitchen and living areas of a home creates a feeling of space, invites extra light and facilitates modern living whilst complimenting the period charm.

Our renovation, extension and landscaping services can bring the indoor-outdoor lifestyle to homes and lifestyles across the Inner West, North Shore, Northern and North Western districts of Sydney.

WHAT WE OFFER

HOME EXTENSIONS

Need a little more room?

Adding more living space for extra bedrooms or additional living rooms greatly enhances a family home. We have strong experience in building extra space to the side or rear of a home and adding a second storey.

Building up can create a separate and more private area for bedrooms – away from the downstairs living, dining and kitchen areas. Extending up can also capture views that can't be seen from ground level.

As every home is different, knowledge and experience are important when producing a quality extension. Projects often involve technical challenges and our team are highly skilled to ensure every aspect will be handled professionally. We work from your plans and we do not take short cuts.

HOME RENOVATIONS

Your vision of life in your new home is the foundation of our work.

You can expect personal service that suits your project delivered by our highly experienced skilled team to transform your vision into a reality with quality and compliance.

A successful renovation requires collaboration and communication throughout the process and beyond practical completion.

As a family owned business we are involved with every project to ensure their gold standard Bond reputation as the leading renovation expert.

WHAT WE OFFER

KITCHENS & BATHROOMS

A kitchen and bathroom that is functional and stylish is important for every home.

An area of expertise for our team is removing walls in older homes to create a more open floor plan that incorporates a modern and functional kitchen and bathroom that is suitable to modern lifestyles. Our goal is to ensure these spaces complement your home and will stand the test of time.

We provide advice on your project and would love to hear about your ideas.

DECKING & LANDSCAPING

A beautiful outdoor lifestyle provides us with the opportunity to maximise our functional space. From a low maintenance and stylish design to a space where a green thumb can thrive.

We can design and create an outdoor area to suit everyone. A design can be created to structure an aesthetic outdoor area to suit your space and lifestyle.

Our services include:

1. Outdoor living areas
2. Pergola
3. Retaining walls
4. Concreting
5. Paving
6. Decking
7. Driveways
8. Landscape designs (referral)

READ WHAT PEOPLE SAY

”

We have had Richard complete two renovations for us, and we were very happy with the results of both. The quality of the work and the finish was excellent, and the workers were both highly professional and pleasant.

We would not hesitate to use Richard again.

Graeme Gill

”

We are so happy with our new home renovations. Richard and his fantastic team carried out the work in a timely manner with great attention to detail. Communication was clear and the end product was a beautiful house for us to raise our family in.

Emily

”

Whatever your building needs we would thoroughly recommend Richard and his team. With years of building experience Richard is very personable and equally patient always taking time to address any questions you may have.

And the results speak for themselves as Richard has completed 3 significant building projects for us now over the past 10 years all of which are of great workmanship and we are extremely happy with.

Darin
